**Product Name:** MAPEI Primer L

**Manufacturer Inventory:** Chemical screen threshold reporting 1000 ppm (0.1%)

**Living Building Challenge (LBC):** MAPEI has publicly disclosed an ingredients list for this product on the Safety Data Sheet (SDS) as required by laws and regulations. The portion of the ingredients that are not required to be disclosed on the SDS are considered to be confidential business information. These ingredients are screened per the most current LBC 'red list' v3.1 (ILFI website: <https://living-future.org/declare/declare-about/red-list/>) and are found to **not contain** any intentionally added 'red list' chemicals.

**Material Ingredient Reporting for LEED v4, Option 1:** MAPEI has developed Manufacturer Inventories to support our customer's material ingredient chemical transparency initiatives and to contribute to LEED v4 MRc4 Material Ingredient Option 1 credit requirements. This Manufacturer Inventory has been third-party verified by [GreenCircle Certified, LLC](#) to be in compliance with the LEED v4 standard requirements and Clean Product Action's *How to Use GreenScreen to Contribute to LEED v4 guidelines*. Ingredients defined as trade secret or intellectual property have been withheld; however, the role, amount and hazards based on screening for the levels of ingredients presented are reported on this page per the requirements of the Globally Harmonized System of Classification and Labelling of Chemicals rev. 6 (2015).
